

PROVINCIAL PARLIAMENT MEETS MARCH 15th.

First Session of Alberta Legislature will be Held in McKay Avenue School

The public school board has granted the application of the Provincial Government for permission to hold the first session of the Alberta Legislature in the assembly room of the McKay avenue school.

The room which is a commodious one comprising the entire third flat of the large school building. It will be fitted

up with suitable furniture in time for the opening of the session.

Committee of the Legislatures will probably meet in the rooms in the Empire block.

At a cabinet meeting this afternoon it was decided to call the first meeting of the Legislature of Alberta on Thursday, March 15.

EDMONTON LOSES TO REGINA

(Special to the Bulletin)

Regina, Sask., Feb. 14.—In a swift and intensely exciting match Edmonton was defeated by Regina by a score of 7 to 5 here last night. Regina admits Edmonton's superiority last night in brilliant combinations and close checking. The sensational and unusually splendid work of Kain in goal was entirely responsible for Regina's victory. Thistles shot on goal six times to the towns. Kain played the game of his life. Towards the last quarter McLaughlin adopted dirty tactics. The puck was on the ice from start to finish. Edmonton played without Johnson or Powers, both of whom are laid up with sprained ankles. These two cannot play for a few days anyhow. Deaton, "Weary" and Campbell played brilliant games. Regina claims that Edmonton forward line has the swiftest combination work they have been up against. Carmichael scored five of Regina's goals by getting behind our defense; two of these were with Banford on the fence. The Morning Leader, speaking of the second half, says, "The second half started with a rush and was replete with spectacular plays in which Carmichael especially shone.

Shorty scored in two minutes, tying the score. Then the most heart-breaking part of the game began. For nineteen minutes every instant was crowded with spectacular play, both teams struggled to break the tie and it fell to McPherson to be the lucky one, as previously described. Edmonton tied the score on a shot by Deaton ten minutes later, but Carmichael got in more of his later work just one and a half minutes later and made the score six to five. After face off Edmonton got the puck but lost it to Stubbings who carried it down the ice and passed it to Carmichael who scored the goal in 21-1-2 minutes, making the final score 7 to 5.

Line-up—Regina, goal, Kain; point, Banford; cover, Elliott; centre, Campbell; rover, Stubbings; left, McPherson; right, Carmichael.

Edmonton—Goal, Hummel; point, Banford; cover, Elliott; centre, Campbell; rover, Stubbings; left, Wright; right, Deaton, Referee, J. B. Fyache. Game as follows—Edmonton, 2 minutes; Regina, four minutes; Regina five minutes; Edmonton three minutes; Edmonton one minute; Edmonton two minutes; Regina from scrimmage two minutes; Regina half, Regina three minutes; Regina two minutes; Edmonton three minutes; Regina twenty minutes; Regina one minute.

The boys play Moose Jaw tonight, Brandon Monday night, and Portage Wednesday night. Other games are being arranged for.

CONCERT CLOSES THE SEED FAIR

Addresses By Premier Rutherford, Hon. W. T. Finlay and Prominent Citizens

Robertson's hall was crowded to the doors last evening by an audience largely made up by representatives of the farming community surrounding Edmonton who had come to the city to attend the seed fair. And most enjoyable was the fair brought to a close by the entertainment, which was attended so largely last night. After having spent two days in examining exhibits of all varieties of grain, and listening to long lectures upon agricultural topics, the agricultural men and their wives turned out last night with the expectation of enjoying an evening of entertainment, and received a treat in the line of music and humorous recitations. Several of the prominent gentlemen of the city were present and delivered addresses, which while intended to be instructive to the farmers were also full of pleasantry.

An enjoyable part of the program was the singing of Miss Ethel Webster and the elocution of Miss Lucila McAmmond of Alberta College. Both these ladies so delightfully rendered their selections that the audience heartily applauded them and time again they were encored. Mr. Percy S. Hook, musical director of the College was a gentleman who also contributed largely to the enjoyment of the evening. His skill upon the piano was never more heartily appreciated than last night.

Ex-Mayor, K. W. McKenzie, in the absence of Mayor May, presided. Led by a local quartette, the whole audience sang the good old Canadian song, "The Maple Leaf." W. F. Stevens, president of the seed fair committee, in a few well chosen remarks introduced Mr. McKenzie as chairman of the evening. Mr. McKenzie spoke a few words of welcome to the visitors who were present.

Percy Hook presided at the piano and his first number, Prelude C Sharp, minor, was rendered with brilliant execution.

Premier Rutherford addressed the audience briefly upon the importance of agriculture to the province.

Miss McAmmond's recitation, Saunders McGlashan's courtship, brought down the house. Miss McAmmond is an elocutionist of rare ability, and in a position of a most captivating manner in delivering her recitations. Her recital of the Scotch story was delightful, and as the audience was not lacking in Scotchmen, the recitation was received all the more heartily.

Hon. W. T. Finlay, Minister of Agriculture, told of a few of the many things the Department tries to do for the farmer. He said, however, that what the Department of Agriculture could do for the farmer was practically nothing to what the farmer could do for the Department. One of the most important things the Department had done during the past year was paying Finlay said that the Department's policy to double that amount within the next year. Another important branch of the work of the Department was the supervision of the hospitals. This was a work which should not be neglected. In Medicine Hat he had been president of the hospital, which was one of the finest in the province, and which he was pleased to say was in charge of an Edmonton lady.

Geo. A. Harcourt, Deputy Minister of Agriculture, dwelt upon the subject of how farmers could assist the department. He had been exceedingly delighted to see such a splendid exhibit of grain and he congratulated the committee in charge upon the great success of the seed fair. When first spoken to in regard to a seed fair held in Edmonton, he had thought the time too short, and had said that whoever undertook the work would have no time to waste. It was to the credit of the gentlemen in charge, he said, that the fair had been held with such apparent success and benefit to those who attended. Like Mr. Finlay, he said it was easier to tell what the department could do for the farmers than what the farmers could do for the department. He said that the motto to which the department would like to hang up before the farmers was "The Department Helps the Farmers to Help Themselves." The department could not help them if they did not help themselves. That was the thing of the first importance which the farmers should look after. What the possibilities of Alberta were the wisest could not tell. The country to the north of Edmonton was being developed and gave evidences of being a most resourceful country. At Fort Vermilion, on Peace River, from 6000

ORGANIZATION PLAN PROPOSED

Recommendations Which Will Be Made to Board of Trade by Special Committee

The following is the report of the committee on organization which will be presented at the annual meeting of the Board of Trade:

"Your committee appointed to recommend a scheme for a fuller organization of the Board of Trade, submit the following report:

"There appears to be two general requirements in our organization in Edmonton—

"First—Provision to meet the general interests of all the members of the Board and of the City of Edmonton.

"Second—Provision to meet the needs of the different classes of business and professions represented in our membership.

"Under the first head to provide for the larger interests of the membership and the public interest generally, we recommend that five committees be formed as follows:

1. Committee to promote industrial enterprises, under the chairmanship of the first vice-president.

2. Committee to promote commercial enterprises, under the chairmanship of the second vice-president.

3. Committee on civic interests, under the chairmanship of the third vice-president.

4. Committee on transportation, under the chairmanship of the fourth vice-president.

5. Committee on publicity, under the chairmanship of the secretary.

"The four vice-presidents should be appointed at the annual meeting of the board.

"To provide for the needs of the different classes of business, we recommend that our membership be divided into six sections as follows:

1. Manufacturer's section.

2. Wholesale's section.

3. Retailer's section.

4. Financial section.

5. Real estate and insurance section.

6. Professional section.

"The annual meeting should appoint a convener of each of these sections."

EAST END HOUSE BURNED

The fire brigade was called out about 7:30 last night to answer a call which was sent in from Boyle street, in the east end, but which, when the trouble was located, turned out to be on the corner of Twelfth and Kinslino streets, at the home of Mrs. Walter Dunne and her family.

The Dunne family lived in a small house on the corner, but at the moment when the fire occurred it happened that there was no one at home. Mrs. Dunne had just finished cooking supper and while waiting for her sons to come home, had gone to a neighbor's house nearby. When she looked over a few moments later to see if any one had come yet, she saw her house in flames. She is able to give no suggestion as to the cause of the fire.

The fire brigade answered the call promptly but owing to having been wrongly informed as to the whereabouts of the fire, started off with the hose wagon and chemical, but found that the fire was away beyond the range of the water main, and that the hose wagon was of no use. The chemical was applied but it was too late to save anything, and the small house and its contents were completely destroyed.

The household furniture was insured to the extent of \$500, but there was no insurance on the building. Mr. Dunne, husband and father, is at present in British Columbia.

CURLING

Two games were played in the Calgary Cup competition last night. Ibbotson winning from Macdonald by a score of 10 to 8, and the rink "skipped" by A. C. Fraser defeating R. Hardisty's rink with a score of 12-10.

The games for tonight are Rink One, Moore vs. May; Rink Two, Bellamy vs. Campbell, and on Rink Three, Goode vs. Studholme. For Thursday night the games are Ibbotson vs. Thom, Rae vs. Mercer and Kinnaird vs. Galbraith.

—The meeting of the Men's Institute at McDougall church last evening was well attended, and proved to be one of the most interesting that has been held during the winter. Rev. C. H. Huettlin, pastor of McDougall church delivered a highly instructive lecture to the young men upon the power and use of money. His remarks were much appreciated by those present. The meetings of the institute will be continued through the month of March, the topics for the meetings appearing later.

THE CONFERENCE MAY BREAK UP

Great Britain's Efforts For Peace in Morocco Have Small Chance of Success

London, Feb. 13.—While the British Government has not relaxed its efforts to bring about an agreement between France and Germany on the question of the Moroccan policy it has given up the hope of an amicable settlement. It is expected in Algeria that the conference will break up during the present week, leaving the situation where it was before the conference was called.

Germany is given credit for the failure. Great Britain maintains her position supporting French demands and cannot see any reason for compromise.

Should the conference break up, France will continue her policy. Should serious troubles break out within the Sultan's dominions France will suppress them, notifying the powers that she cannot allow disorder to continue, as it threatens the peace of her colony.

Germany will, then be in the position of having either to concede the right of France to police Morocco or issue an ultimatum that France must not interfere in the affairs of that country.

CHINA HURRIES TARDY JUSTICE

London, Feb. 13.—Great Britain today demanded China to compensate missionaries for the destruction of property at Chang Pu, and asked for the punishment of those responsible.

Peikin, Feb. 15.—The Imperial Government has ordered the Viceroy of Foo Chow to immediately execute the leader of the Chang Pu mob and to punish others concerned in the affair.

NOTES FROM ATHABASCA LANDING

(Correspondence)

Athabasca Landing is a neat little village nestling at the foot of a hill. As the traveller approaches from the main road to the south the place is not discernible till he reaches the top of the incline where a pretty scene greets the eye. The white buildings with their painted roofs, the substantial warehouses and stores, and the Roman Catholic church with its steeply gleaming in the sunshine, interspersed with groves of poplar, and in front of all at the foot of a high bank to the north, flows the lazy Athabasca, the whole presenting a charming picture of scenic beauty.

On Monday, the 5th ult., the stork visited the home of Mr. and Mrs. Bossonault and left a baby boy.

Mr. Chiles has erected a large stable for the accommodation of the public.

Mr. J. Gagnon has been making some extensive improvements in the interior of his hotel and is better prepared than ever before to accommodate the travelling public. Messrs. Bossonault and Brissette are the carpenters.

Visitors to the Landing who are acquainted with the conditions of trade in the interior of the province, will find more business done, despite the unfavorable condition of the roads, loads of freight arrive daily, some en route to the north on sleighs and some to lay in the warehouses till the Athabasca has cast off its fetters and is navigable once more.

A number of settlers have taken homesteads in this vicinity. Among the latest arrivals is Mr. Handley of Norfolk, England.

Our postmaster and telegraph operator, Jas. McKernan, arrived last week accompanied by his wife and family.

SCOTCHMEN COMING.

London, Feb. 13.—Bruce Walker, Canadian Government agent, said that the coming season of Scottish emigration to Canada already gives the strongest evidence of being greatly beyond anything known in the past history of the movement from Scotland. The greater majority of those who have already sailed are either going to friends, or are capitalists going out to prospect locations in the northwest.

SMALL-POX ON SHIP-BOARD.

New York, Feb. 13.—One month on the Atlantic Ocean with the entire ship converted into a small-pox hospital and a quarter of the crew ill with the disease was the experience of the whaling brig Sullivan of New London, Conn. Mrs. J. H. Haggerty, wife of the captain of the ship has arrived here from Rio de Janeiro. The whaling vessel put into Rio de Janeiro after ten of the crew had died of small-pox.

NEGOTIATIONS OPENED WITH CANADIAN PACIFIC

City Council Wants to know What Bridge Will Cost and what Works Company will Install Here

The most important resolution at the city council last night was the motion to the effect that negotiations should be opened at once with the C.P.R. with regard to the high level bridge, in order that the city might find out at the earliest possible moment what the railway company wanted, and what it was willing to give.

The motion was the outgrowth of Ald. Griesbach's report of his meeting with Messrs. Dennis and Jamieson in Calgary last week. The railroad officials stated on that occasion that plans were then preparing, and they would be in a position in the near future to let the city know what the vehicular traffic attachments to the bridge would cost, and on the motion of Ald. Griesbach, the commissioners were instructed to write to the vice-president of the company, Mr. William Whyte, and ask him what the extra cost to the bridge would be, and also what the company wanted in the way of yard room for their terminals and shops, and what they contemplated establishing in this city.

The opening up of this correspondence places the matter officially and directly before both the railway company and the council.

At the regular meeting of the council last night there were present Aldermen Smith, Mays, Latla, Griesbach and Picard, the latter presiding as the mayor has not yet returned.

Mr. G. B. O'Connor, solicitor for the National Trust, asked a moment's indulgence before the council continued with its regular business to present the case of the National Trust with regard to the real estate license which the city commissioners sought to collect in their case, but which Mr. O'Connor contended they were not entitled to pay.

Mr. O'Connor pointed out that the National Trust proposed opening a real estate department in connection with its business, and that he had written to the city commissioners pointing out that the floor space tax levied on them as a financial institution was already \$96 or \$46 more than the real estate license, and that, as he understood it, the license was a tax collected to cover a business where the floor space tax did not meet the purposes of the city, and that as he was already paying more than the license amounted to, he thought that his company should be entitled to do business on that floor space tax.

Commissioner Kinnaird stated the interpretation accepted by the commissioners of the license by-law was that when a person took out a real estate license, and when it is found that the floor space tax which they would require to pay in order to engage in other businesses is in excess of the license, that the real estate man can secure the privileges to which the floor space tax entitles.

NEWSY ITEMS FROM STRATHCONA

The Bulletin's Daily Budget From the Sister Town

Strathcona, Feb. 12.—James Crang and Charles McKay, of Toronto, are the guests of Dr. D. W. Crang. The Rev. Mr. Reikie of Edmonton, occupied the Presbyterian pulpit here yesterday evening, exchanging with the Rev. D. Fleming.

Messrs. Gladstone and Crawford were in town today. They came in from Winnipeg a few evenings ago over the C. N. R. They are up here with a view of taking stock of the country and getting some desirable place to locate.

R. McKernan, the genial proprietor of the Dominion Hotel here, has rented his hotel to Mr. McCallan of Fort Saskatchewan for a term of three years. Mr. McKernan will reside in the west part of our town.

Mr. Tanner, of the Royal Hotel staff is able to be around again on crutches, after a severe attack of rheumatism. Mr. Tinney, of Campbellford, Ont., is in town the guest of Mr. Shields, C. P. R. yard master. Mr. Tinney is delighted with the climate of Sunny Alberta, and has already shown his faith in our Province by buying real estate in our growing town.

The Rev. Mr. McLaren, missionary, preached in the Baptist church here Sunday morning, and the Rev. Mr. Grant officiated in the evening. The latter gentleman will take the Rev. Corey's place here until his return from his missionary tour.

The Epworth League in connection with the Methodist church held its regular weekly meeting tonight. President Gould in the chair. Mr. Taylor, late from England, took the topic for the evening, "How to Conquer Temptation," and gave a very interesting paper on the subject.

Messrs. Rupert and Stewart were in town today. They have a sawing outfit about fifteen miles out, and report business good; they are looking for extra men on the work.

His Honour, the Lieutenant Governor and Mrs. Buley will receive at Government House on Thursday and Friday (15th and 16th) from 2.30 to 6.00 p.m.

By command, G. H. BABBITT, Private Secretary, Government House, Edmonton. Feb. 10th, 1906. dy 35-38 cg.

11000 Each will purchase two lots on Block 11, H.B.R.; terms.

7000 For extra nice House on Jasper, on two lots; terms.

NEGOTIATIONS OPENED

Continued From Page One.

him by paying the difference between the license and the floor space.

Ald. Griesbach asked the city solicitor if the city had any power to collect a license from a company having a Dominion charter entitling it to do the things for which the city proposed to license it.

City Solicitor Beck stated that the National Trust held a charter under the Foreign Companies Ordinance, and that the law most distinctly provides that no license can be collected by any municipality from such a company for engaging in the business in which it is empowered to engage by its charter.

The City Solicitor and the commissioners were deputed to look into the National Trust Company's charter and learn whether or not it was entitled by Dominion franchise to do a real estate business, and if so that no license fee be collected.

Among the communications the first was a letter from Solicitor Beck asking for a raise of salary. He pointed out that last year's council was of the opinion that the salary should be raised to \$75 a month, but had left the matter over for this council to decide.

Commissioner Kinnaird stated that his understanding was that the whole question of salary was to have been gone into and the entire schedule re-arranged whenever necessary.

Ald. Latta—"I think we should do it every year."

Ald. Griesbach—"I understood that last year we set the salaries for the next three years."

Ald. Mays and Latta moved that the city solicitor's letter be referred to the commissioners to consider when reporting on recommendations as to salaries.

A letter was read from the school board inquiring what had happened to their petition with regard to the nuisances around the Norwood school, namely the Williamson Bros. slaughter house, the nuisance ground and the houses of ill fame.

Solicitor Kinnaird said that he had already reported that the houses of ill fame were being moved, but that in the case of Williamson Bros. slaughter house and piggery it remained to be seen whether the by law would cover the case.

Ald. Latta said that anything that people complained of must be a nuisance and should come under the bylaw.

On motion it was left to the city solicitor to look into the matter and find out if the bylaw covers the case, and if not what civil action could be taken to compel Williamson Bros. to move their piggery.

E. A. Murry, writing from Edmonton, asked what the license was for a roller coaster, and if any suitable property could be leased for the same?

A reply already sent by the commissioners was read which stated that the bylaw had not apparently considered the erection of roller coasters in the city, and suggesting that he should come and meet the council. As none of the city fathers were familiar with the purposes and features of a roller coaster, the matter was left as it stood in the hands of the commissioners.

The police and license commissioners reported that they had looked into the case of the deputy pound keeper, who was charged by Short, Cross, Bigger & Ewing with having untied a colt belonging to a client of theirs from a fence and taken it to pound.

The committee reported that the evidence, as far as they were able to gather it, showed that the allegation of Mr. Short's client was true, and it was recommended that the deputy pound keeper be discharged and another employed in his place, pending the return of the regular pound-keeper, Mr. Ford.

The annual report of the fire brigade was read, and Ald. Griesbach moved that it be adopted, and that the annual grant, which has heretofore been \$200 and is used for furnishing athletic paraphernalia and such other requisites around the fire hall as to make it attractive to the members, be raised to \$300. The motion was adopted.

Ald. Griesbach also pointed out that it was time for the city to think of taking on another man on the permanent staff as a regular man on the chemical was necessary.

A letter was read from Short, Cross, Bigger & Ewing, representing K. Macdonald, who recently sold some five acres to the city for the expansion of Jasper Ave. to the eastward, offering to sell another one-fifth of an acre in a gulch which is of no particular use to the city at the present moment, but undoubtedly would be required some future date to

straighten out the road over the gulch. The price asked was the remission of the taxes on the remainder of the Macdonald property for this year. The commissioners were asked to get the information as to what the taxes were and what the one-fifth of an acre was worth, for the next meeting.

The committee which was appointed to report with regard to the Exhibition of 1905 and the deficit thereon, did not have its report ready, and it was stood over until next week.

NOTICE TO CONTRACTORS

SEALED TENDERS addressed to the undersigned, marked on the envelope, "Tenders for Construction," will be received at the office of the Commissioners of the Transcontinental Railway at Ottawa, until twelve o'clock noon on Monday, the 12th day of March, 1906, for the work required for the construction, in accordance with the plans, profiles and specifications of said Commissioners, for the following sections of the Transcontinental Railway, the said work to be completed on or before the first day of December, 1907, viz:

(1) District "F". From a point designated on the plans of the said Commissioners at or near the City of Winnipeg, to a point known as Peninsula Crossing, near the Junction point of the Fort William branch of the Grand Trunk Pacific Railway, a distance of about 245 miles.

(2) District "B". From a point designated on the plans of the said Commissioners, at the north end of the Quebec Bridge and Railway Company's bridge in the vicinity of the City of Quebec, to a point near La Tuque, a distance of about 150 miles.

(3) A steel viaduct about 3,000 feet long across the Cap Rouge Valley, in said District "B" in the vicinity of the City of Quebec, the work to be performed in accordance with the General Specifications of the Commissioners of the Transcontinental Railway, and the General Specifications for steel bridges and viaducts of the Department of Railways and Canals of Canada, 1905.

Plans, profiles and specifications may be seen in the office of the Chief Engineer of the Commissioners at Ottawa, also in the office of the District Engineer at Kenora, Ontario, for the section of District "B", and for the section of District "F" in the office of the District Engineer at Quebec.

Persons tendering are notified that tenders will not be considered unless made in duplicate and on the printed forms supplied by the Commissioners. Separate tenders must be submitted for the work in each District.

Tenders shall not be in any way entitled to rely upon the classification or any other information given by any person on behalf of the Commissioners, and before submitting any tender, bidders should make a careful examination of the plans, profiles, drawings and specifications, and read the forms to be executed and fully inform themselves as to the quality and quantity of materials and character of workmanship required; and are understood to accept and agree to be bound by the terms and conditions contained in the form of contract, specifications, &c., annexed to the form of tender.

Each tender must be signed and sealed by all the parties to the tender, and witnessed, and be accompanied by an accepted cheque on a chartered bank of the Dominion of Canada, payable to the Commissioners of the Transcontinental Railway for the sum of four hundred thousand dollars (\$400,000), for District "F" and two hundred and twenty-five thousand dollars (\$225,000) for District "B", and thirty-five thousand dollars (\$35,000) for steel viaduct in said District "B". Any person whose tender is accepted, shall, within ten days after the acceptance thereof furnish the security required by the Commissioners for due and faithful performance of the contract according to its terms, sign the contract, specifications and other documents required to be signed by said Commissioners; and in any case of refusal or failure on the part of the party whose tender is accepted to complete and execute a contract with the said Commissioners and to furnish the approved security within ten days after the acceptance of the tender, the said cheque shall be forfeited to the Commissioners as liquidated damages for such refusal or failure, and all contract rights acquired by the acceptance of the tender shall be forfeited. Cheques deposited by parties whose tenders are rejected will be returned within ten days after the signing of the contract.

Attention is called to the following clauses in the form of contract.

"All mechanics, laborers or other persons who perform labour for the purposes of the construction of the works hereby contracted for shall be paid such wages as are generally accepted as current for competent workmen in the District in which the work is being performed, and, if there is no current rate in such district, then a fair and reasonable rate; and, in the event of a dispute arising as to what is the current or a fair and reasonable rate, it shall be determined by the Commissioners, whose decision shall be final."

"This agreement is subject to the regulations now in force, or which may at any time hereafter be in force during the construction of the works hereby contracted for, made under the authority of the Department of Labour, and which are or shall be applicable to such works."

"The contractor shall in connection with the whole of the said work, as far as practicable, use only material, machinery, plant, supplies and rolling stock manufactured or produced in Canada, provided the same can be obtained as cheaply and upon as good terms in Canada as elsewhere, having regard to quality and price."

"The contractor shall conform to the Fire Regulations adopted by the Commissioners, and also to the Laws and Regulations respecting fires in the different provinces wherein the work is being performed."

"The right is reserved to reject any or all tenders."

By order,
P. E. RYAN,
Secretary.

The Commissioners of the Transcontinental Railway,
Ottawa, 1st February, 1906.

Newspapers inserting this advertisement without authority from the Commissioners will not be paid for it.

FARMERS' PAGE

A PLAN TO TAX ALBERTA'S RAILWAYS

At a banquet of Clarasholm Liberals on Thursday evening Mr. Malcolm McKenzie, M. P. P., of Macleod, replying to the toast "The Alberta Legislature," brought up the question of the possibility of taxing the railways in the province for revenue purposes. Mr. McKenzie is reported to have said:

"Not being a member of the Government, and not being in their secrets, I cannot tell you what measures they propose to introduce at our first session; but, looking over the list of possible legislation, I believe it will be our duty to the people of the province to pass legislation amending and readjusting the laws as to taxation so as to compel the different industries in the province to bear their just and equal proportion of the expense of administering their affairs.

"It is an old and sound principle of taxation that persons should pay according to their ability to pay. Some of the industries in this province which have made the largest earnings and profits within the province have practically contributed nothing to the expense of administration.

"I have reference to the Canadian Pacific Railway Co., in particular. The portion of the railway built under the original charter is exempt from taxation in the province in the ordinary way in which taxation is levied on railways in Canada. Their railway line, including stations and station grounds and fixed property are exempt.

"Their rolling stock and movable property is exempt and so is the capital stock. In the exemption clause of the act incorporating the charter there is nothing said as to their profits earnings and as taxation is the rule and exemption the exception, I believe that I am not alone in that belief nor am I by any means, the first to suggest it; I say I believe it is within the powers of the legislature of this province to pass legislation compelling this corporation to pay taxes on its gross earnings within the province, and it is within our power to do so, if it is certainly our duty to the people of the province to pass such legislation at the earliest possible moment.

"A statute creating an exemption from taxation is a statute which naturally increases the burden on certain classes of people by reducing it on others, and the courts construe such a statute strictly. If, however, the courts will not uphold us in this contention, we still have this corporation in our power for purposes of taxation; The Crows Nest and other branches which were not built under the original charter, are not exempt from taxation, and as the province has exclusive power of direct taxation for the purpose of raising a revenue in the province, it may be possible to impose a fair contribution to the revenue by such a tax on the portion of the road within our jurisdiction as will be a portion of the system within the province. I have no antagonism to the Canadian Pacific Railway Co., and I am not speaking in a spirit of retaliation. I am simply suggesting that they and all other corporations within the province should pay a fair and just tax and contribute like the rest of us to the expense of administration. Under our powers of direct taxation in the province, there is no rule that the tax shall be uniform or that it shall not discriminate. It might therefore be possible that the powers of the province to impose a discriminating tax might be used to produce a condition of uniformity in taxation between the C. P. R. and other railways and institutions. I believe in a uniform tax on railways to put them on a fair footing for competition, but if one pays taxes and the other does not, this condition does not exist."

INVESTIGATING W. S. TELEPHONES.

Winnipeg, Feb. 13.—Premier Roblin returned yesterday, from Minneapolis, after having attended the first session of the Legislature's select telephone committee held outside the province. The premier declares that evidence taken in Minneapolis was highly favorable to public telephones, just as favorable in fact as the testimony given before the committee at its sessions in Winnipeg.

SPORTS**PAST GAME IN CALGARY**

Calgary, Feb. 13.—In the fastest game ever played in Calgary, Edmonton hockeyists defeated Calgary by a score of three goals to two. The game was hard and rough though never dirty, and fast all the way through. Doston and Wright were bright stars for Edmonton. Wright marred play by an inclination to mix it up too much, participating in two fist fights. Doston scored first goal in eleven minutes. Calgary evened up and Doston repeated the trick before half time.

Calgary evened up again on play which looked like off-side but was allowed to go. Banford scored winning goal on long lift just before the bell rang.

ICE ON LAGOON SANK

Chicago, Feb. 13.—At the close of a skating tournament on Humboldt Park Lagoon, the ice slowly gave way beneath 3,000 people, causing a panic in which many were injured. The ice sank slowly until covered by two feet of water and the crowd reached the bank in safety. Many women and girls were trampled on.

FARMERS' MARKET

With the exception of wheat the Edmonton market closed this week decidedly stronger and firm in tone. Oats are going up steadily. Deliveries were brisker on the farmers' market today, but heretofore there has been very little oats coming in.

Wheat is down two cents.

Hay is going up, due purely to short delivery and local demand.

Coal is steady and deliveries good.

The following are the prices quoted on the farmers' market:

Oats, milling, 27c to 28c.

Feed 25 to 27c.

Hay slough 37 to 38.

Upland, 29 to 31.

Timothy, 14 to 15.

Coal, 33.50.

The Alberta Milling Co. quotes wheat—

No. 1, Northern 63c.

No. 2, Northern 60c.

No. 3, Northern 58c.

25¢ That Cough
which ordinary remedies have not reached,
will quickly yield to
GRAY'S SYRUP OF RED SPRUCE GUM

It cures those heavy, deep-seated coughs—takes away the soreness—beats the throat—strengthens the lungs. Note the less effective because it is pleasant to take. Just try one bottle and see how quickly you get rid of that cough. At your druggists. 25c bottle.

25¢**For Family Colds**

A reliable cough and cold cure should be always in the house ready for use the moment the first symptoms appear. It is always easier, cheaper and better to check a cold in the very beginning.

It is safer, too. Shiloh's Consumption Cure, the Lung Tonic, has been tested for thirty-three years, and tens of thousands of homes in Canada and the United States to-day are never without it.

A dealer writes: "Shiloh's Consumption Cure is without doubt the best remedy for Coughs and Colds on the market. One used, no customer will buy no other."—L. Eisey, Nanaimo, B.C.

If it were anything but the best would this be so? Try it in your own family. If it does not cure you, get back all it cost you. We take all the chances. Neither you nor your dealer can lose. Isn't that fair? 25c is the price. All dealers in medicine sell.

SHILOH

Of course, you know about

Abbey's
Effervescent
Salt

You know there is nothing

so bad for health as a Dis-

LOCAL

In order to reach the News or Editorial rooms of the Bulletin, ring up Phone No. 450

—Skating tonight in the rink. Band in attendance.

—A library has been installed in connection with the Sabbath school of Queen's avenue church.

—An Epworth League convention will be held in Strathcona on Thursday and Friday of next week.

—A social and literary meeting will be held by the McDougall church Epworth League next Monday evening.

—Swords, rapiers and folla will be used in the assault-at-arms to be given in Robertson's hall on February 20 under the auspices of the Edmonton School of Fencing. The admission to the entertainment is, reserved seats, 75c. general admission 50c.

—The social and Scotch entertainment to be held in First Presbyterian church on Friday evening under the auspices of the Young People's Society will be an exceptionally enjoyable one, and will be well worth the price of admission charged. A very interesting program is being prepared and refreshments will be served. An interesting number on the program will be a Scotch reading by Rev. Archibald Ewing. Admission 25 cents.

—Toronto Star: The election by acclamation in Saskatchewan yesterday, of Mr. George E. McCraney, will give pleasure to a great number of his friends in this part of the Dominion. Mr. McCraney has a natural aptitude for public affairs which will make him a useful representative and a solid ally to the Liberal forces at Ottawa. That he should go into politics sooner or later has been in the opinion of his friends inevitable, and they are glad to see that his entry has been so smooth and easy.

—Regina Standard: Local railway men were shown the statement of Mr. Brodie, and stated to the Standard that it is their belief that the changes to be made to bring the Northern Alberta towns into closer touch with Winnipeg are none other than those consequent upon the making of the Arcola line the main right of way. They claim that while no definite announcement has come from headquarters, the feeling has been in the air for some weeks that a change is imminent. The distance consideration is not looked at, because it is said that with the straight track and the easy elevations the run could be made from Regina to Winnipeg, via Arcola, much faster than it is made at present on the main track.

—As this should be the Canadian winter month the February number of "Rod and Gun in Canada," published by W. J. Taylor at Woodstock, Ont., devotes special attention to Canadian winter sports. A snowshoe tramp over Mount Royal, Montreal; a party in a Canadian winter camp and an excursion into the woods on snowshoes are all related. Then by way of change there are related the thrilling experiences of a journey of two thousand miles down the Yukon River in a small boat; and a pleasant account of a moose hunt in the Kipawa district. Special articles are printed dealing with the Dominion Furze Convention and with fish and game protection in both Quebec and Ontario. The formation of a Canadian Alpine Club is advocated, and a number of other articles dealing with various phases of sport make up an interesting number and give evidence of the thorough manner in which the magazine is filling the Canadian field.

CONCERT CLOSURE SEED FAIR

Continued from Page One.
to 1000 bushels of wheat, and 1000 bushels of oats, and also 2000 bushels of corn. There were 500 head of cattle and three grist mills. It was the aim of the department to foster any industry that was for the ultimate benefit of the country. If the farmers stayed by the department had broader views of the on far better. The views of the department may have seemed to be at variance with those of the farmer at times but that was only because the department had broader views of the agricultural affairs of this province.

Miss Ethel Webster, who is a favorite of audiences in Edmonton, sang "Angus McDonald," which was received with loud applause.

J. R. Boyle, M. P. P., spoke upon, "What Alberta Expects of her Future Farmers and Their Wives," and his address was appreciated.

"What the Farmers Expect of Alberta," was the subject of an address by Mr. J. Fletcher, who handled the topic in a most instructive manner.

Fercy Hook again delighted the audience in his rendition of Liszt's Rhapsodie No. 12.
Mr. A. T. Cushing spoke upon the importance of friendly relations between the farmers and the business men. Mr. Cushing, who is one of the prominent business men of Edmonton, spoke briefly, but his remarks indicated that he was most capable of speaking on this very important subject.

Ex-Mayor Wm. Short addressed those present on the subject of Farm Decoration, which is a most important factor in the home life of the farmer. Mr. Short's remarks were received with appreciation.

Miss Macdonald recited the thrilling scene of the Race in Ralph Connor's Black Rock. This was highly interesting and called forth a hearty ex-

pression of the audience's appreciation. Prof. Riddell, of Alberta College, delivered an address upon the prices of the necessities of life, which was highly instructive to the agricultural people.

Miss Webster again treated the audience to a solo, after which the chairman announced the list of prize winners.

Hon. Frank Oliver, Minister of the Interior, was present, and made the presentations of the various prizes to the prize winners in a happy style, speaking briefly and congratulating the committee who had charge of the fair upon its unbounded success.

At the close of the program the handsome flag won by the school children of Clover Bar, was presented by Mr. McKenzie, and the evening was brought to a close with the national anthem.

AUTOMATIC TELEPHONES

(Western Municipal World)
One of the questions prominently before the Edmonton public at the present time is that of the modernizing of the city telephone system. To anyone who has used the present phones it is superfluous to say that an entirely new system is required, but then comes the question, "Which is the best system?" The matter has been discussed again and again by the late city council, and now occupies the attention of the new, with the result that an expert will be called upon to give an unbiased opinion before any change is made.

In any event the lines will be removed from the poles and placed underground in conduits, and the all-metallic system will be employed, that is, the ground will cease to form part of the necessary circuit, connection being replaced by wire. The main difference of opinion is in the instruments, whether the automatic, a comparatively recent invention still supercede it in the city. The council and probably the greater number of the citizens favor the latter, but few probably understand its principles.

The telephone at present in use, requires the user to call up a central office, where the operator makes the connections with the telephone to which it is required to speak. In the automatic system the central office contains a machine which makes the connections automatically without the assistance of a human operator. The user has a telephone somewhat similar in construction to the old-fashioned one, but with a dial. The user himself, on this dial calls up the number of any telephone on the system. After completing the number he presses a bell which rings in the office of the person with whom he desires to speak. The line between these two telephones is an absolutely private one so that no person can overhear. The connection can be made as quickly as one can ring up and call the attention of the operator, and a greater advantage is that the line can be cleared at once. So that supposing you wished to speak to 100 persons on 100 different phones, you could call up each in rotation, deliver the message, call up the next, and in each case have an absolutely private wire. Then again, any place located as Edmonton is, with another central at Strathcona, it is possible to have another automatic central in Strathcona with a sufficient number of trunk lines connecting the two places, so that the patrons using the system would have an absolutely private wire. That is, after the user has called the Strathcona central, he can then call the required number. If there were twenty trunk lines, and ten of them were engaged, central would automatically step up until an unengaged wire is secured.

The advantage of the system is the additional speed, the economy, and the secrecy which attend its operations.

MARRIED

Adamson-Stevens—On February 10, 1906, at St. Paul's church, Agricola, by the Rev. Canon d'Easum, Rector of St. George's church, Port Saskatchewan, James Burnes Adamson, of Beaver Grange, Fort Saskatchewan, youngest son of the late Thomas Black Adamson, of Grangemouth, Scotland, to Rose Ethel, daughter of Thomas Stevens, Agricola, late of Roscommon, Ireland.

TO BE WELL DRESSED

is to be carefully dressed from head to foot. But, after all, the important feature of a man's apparel is his suit.

The man who, in addition to being correct as to hat, shoes and neckwear, wears a

20th CENTURY BRAND SUIT,

is always known by his exceptionally "smart" appearance.

Careful dressers all over Canada are now wearing this fine ready-to-wear clothing—in preference to patronizing a high priced custom tailor. They've come to realize that none but the most expensive among the latter can equal the style, fit and finish of this brand of clothing.
